NONCOMPLIANCE SUMMARY

On April 10 and 21, 2008, the defendant submitted dilute urine samples at Mental Health Systems, Inc. in El Centro, California, which screened negative. According to U.S. Pretrial Services Drug Analysis Specialist Paula Svandova, the dilute specimens, although negative, showed traces of drug activity. On April 28, 2008, Mr. Medina reported to the El Centro Pretrial Services office for a random drug test, and he again submitted a dilute urine sample. The defendant was ordered to return to the office at a later time. Mr. Medina returned to the office and submitted a urine sample which screened positive for marijuana use.

On April 29, 2008, the defendant was confronted regarding his positive urine sample. Mr. Medina admitted using marijuana on April 19, 2008. The defendant was admonished and reminded of the consequences if he continues to violate his conditions of release. Mr. Medina was also reprimanded for providing dilute urine samples. The defendant assured the undersigned he could refrain from any further illicit drug use while on bond. Mr. Medina agreed to enroll in an outpatient drug treatment program.
